

A photograph showing several people's hands stacked together in a gesture of unity and support. The hands are of various skin tones and are wearing different colored sleeves and accessories, such as a blue beaded bracelet and a purple wristband. The background is blurred, showing a person in a blue shirt and a yellow tie.

Aiming *to* Serve

FALL 2018

CORNERSTONEFORLIFE.COM/SERVE

Kathy was six years old when her single mother became ill with cervical cancer. The burden on the family was substantial and was made worse by the cost of an operation that they couldn't afford. One day, however, a knock on the door changed their lives. A representative from a local Baptist church that had heard about their situation turned up and asked: "If you would allow us, our church would love to pay for your operation."

Naturally, the family accepted...and the operation was a success. Afterward, while Kathy's Mom was recovering, members of the church family helped look after her and three young siblings. Various congregants picked the kids up for church each week, and they enjoyed lunch at the pastor's house every Sunday.

When Kathy tells her story of faith, she leaves no doubt as to what was the crucial factor in her journey of faith: the kindness of that Baptist church was "100% responsible for my faith. How that congregation treated my family convinced me there was a God and that he loves me."

Kathy's story is an example of the power of self-sacrificial service. Jesus demonstrated his love for us by giving of himself on our behalf. Empowered by the Holy Spirit, we have the immeasurable gift of walking in Jesus' footsteps; partnering with the risen Christ to show others the abundant love of God. Ask the Lord how he is leading you into a greater level of service this year and take a step of faith...heaven alone knows how our obedience will impact others for the Kingdom!
